Entries are posted on the OMHC web site on the Hotline Page and each listing gets their own page, with picture, description and contact information. To attract potential buyers/sellers, the OMHC runs ads throughout the year in various horse publications. Hotline listings are also published on occasion in the OMHC Newsletter, and handed out at various horse shows and events all over southern Ontario. Hotline fees are used to run the ads, print hardcopies and to mail the Hotline to people interested in your listings and to keep the web site up.
